

# Level Max

The new all-in-one leveller with FST

## Max Bed Depth

- ▶ Up to 80mm in a single application
- ▶ No need for aggregate in isolated areas
- ▶ Easily levels backgrounds with varying heights

bed depth | ≤80 mm

## Max Workability

- ▶ 30 mins working time
- ▶ Tile after 4 hours
- ▶ Self-smoothing
- ▶ Pumpable

### FST built in

FST technology combines the use of microfibres with high quality smooth fillers to ensure unparalleled strength and max flexibility, as well as ultimate consistency and ease of use.

### Cut down costs

As well as being easy on the pocket, BAL Level Max only needs a min. 3mm bed depth on timber providing 3x more coverage than many alternative products.

## Max Flexibility

- ▶ FST technology
- ▶ Highly polymer modified
- ▶ Use on timber (can be applied min. 3mm)
- ▶ Use on UFH

working time | 30 mins

tile after | 4 hrs

solid floors  
&  
wood floors

The ultimate leveller & easy on the pocket!
