Precautionary Statement(s)	 P102: Keep out of reach of children. P261: Avoid breathing dust/fume/gas/mist/vapours/spray. P280: Wear protective gloves/protective clothing/eye protection/face protection. P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P501: Dispose of contents in accordance with local, state or national legislation.
2.3 Other hazards	When the cement-based powder is mixed with water or admixture, a strongly alkaline paste is produced. Cement-based products may, until set, cause both irritant and allergic contact dermatitis. Irritant contact dermatitis is due to a combination of the wetness, alkalinity and abrasiveness of the constituent materials. Allergic contact dermatitis is caused mainly by the sensitivity of the individual's skin to hexavalent chromium salts. Corrosive. Prolonged contact causes serious eye and tissue damage.
2.4 Additional Information	Contains Ordinary Portland Cement. The product is not expected to be hazardous to the environment. For full text of H/P Statements see section 16.

SECTION 4: FIRST AID MEASURES

4.1 Description of first aid meas	sures
Inhalation	Remove person to fresh air and keep comfortable for breathing.
	Call a POISON CENTRE/doctor if you feel unwell.
Skin Contact	Take off immediately all contaminated clothing and wash it before
	reuse. If skin irritation occurs: Get medical advice/attention.
	Specific treatment (see Medical Advice on this label).
Eye Contact	Rinse cautiously with water for several minutes. Remove contact
	lenses, if present and easy to do. Continue rinsing. Immediately
	call a POISON CENTRE/doctor.
Ingestion	Treat symptomatically.
4.2 Most important symptoms	and effects, both acute and delayed
	Causes burns. Allergic contact dermatitis.
4.3 Indication of any immediate	e medical attention and special treatment needed
	Specific treatment (see Medical Advice on this label). Immediately
	call a POISON CENTRE/doctor. Treat symptomatically.
SECTION 5: FIREFIGHTING MEAS	URES
5.1 Extinguishing media	
Suitable Extinguishing media	As appropriate for surrounding fire.
Unsuitable extinguishing media	None.
5.2 Special hazards arising from	the substance or mixture
	May decompose in a fire, giving off toxic and irritant vapours.
5.3 Advice for firefighters	
	Fire fighters should wear complete protective clothing including
	self-contained breathing apparatus.
SECTION 6: ACCIDENTAL RELEAS	E MEASURES
6.1 Personal precautions, prote	ctive equipment and emergency procedures Provide adequate ventilation. Avoid dust generation. Do not
	breathe dust. Ensure full personal protection (including respiratory
	protection) during removal of spillages.
6.2 Environmental precautions	protection during removal of spinages.
0.2 Environmental precautions	Spillages or uncontrolled discharges into watercourses must be
	alerted to the appropriate regulatory body.
6.3 Methods and material for c	ontainment and cleaning up
	Sweep up spilled substance and remove to safe place. Use vacuum
	equipment for collecting spilt materials, where practicable. Avoid
	contact with skin or inhalation of spillage or dust. Dampen spillage

with water. Absorb in vermiculite, dry sand or earth and place into

containers. Avoid the spillage or runoff entering drains, sewers or watercourses. Collect and place in suitable waste disposal containers and seal securely. Label the containers and remove from the area as soon as possible. Flush contaminated area with plenty of water.
