Precautionary Statement(s) 2.3 Other hazards	 P102: Keep out of reach of children. P261: Avoid breathing dust/fume/gas/mist/vapours/spray. P280: Wear protective gloves/protective clothing/eye protection/face protection. P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P501: Dispose of contents in accordance with local, state or national legislation.
	When the cement-based powder is mixed with water or
	admixture, a strongly alkaline paste is produced. Cement-based products may, until set, cause both irritant and allergic contact dermatitis. Irritant contact dermatitis is due to a combination of the wetness, alkalinity and abrasiveness of the constituent materials. Allergic contact dermatitis is caused mainly by the sensitivity of the individual's skin to hexavalent chromium salts. Corrosive. Prolonged contact causes serious eye and tissue damage.
2.4 Additional Information	
	Contains Ordinary Portland Cement. The product is not expected to be hazardous to the environment. For full text of H/P Statements see section 16.

SECTION 4: FIRST AID MEASURES

4.1 Description of first aid measures		
Inhalation	Remove affected person to fresh air at once and keep comfortable	
	for breathing. Get medical attention immediately if irritation	
	persists.	
Skin Contact	Remove contaminated clothing immediately and wash it before	
	reuse. Wash the affected area thoroughly with soap and water.	
	Get medical attention if irritation persists after washing.	
Eye Contact	Remove contact lenses, if present and easy to do. Rinse cautiously	
	with water for several minutes. Continue rinsing. Get medical	
	attention immediately if irritation persists.	
Ingestion	Never give anything by mouth to an unconscious person. Do not	
	induce vomiting. Rinse mouth thoroughly with water. Get medical	
	attention immediately.	
4.2 Most important symptoms and effects, both acute and delayed		
	Causes burns. Allergic contact dermatitis.

5.1 Extinguishing media

Suitable Extinguishing media	As appropriate for surrounding fire.
Unsuitable extinguishing media	None.
5.2 Special hazards arising from	the substance or mixture
	May decompose in a fire, giving off toxic and irritant vapours.
5.3 Advice for firefighters	
	Fire fighters should wear complete protective clothing including self-contained breathing apparatus.

SECTION 6: ACCIDENTAL RELEASE MEASURES

6.1 Personal precautions, protective equipment and emergency procedures

	Provide adequate ventilation. Avoid dust generation. Do not breathe dust. Ensure full personal protection (including respiratory protection) during removal of spillages.
6.2 Environmental precautions	
	Spillages or uncontrolled discharges into watercourses must be
	alerted to the appropriate regulatory body.
6.3 Methods and material for c	ontainment and cleaning up
	Sweep up spilled substance and remove to safe place. Use vacuum equipment for collecting spilt materials, where practicable. Avoid contact with skin or inhalation of spillage or dust. Dampen spillage with water. Absorb in vermiculite, dry sand or earth and place into containers. Avoid the spillage or runoff entering drains, sewers or watercourses. Collect and place in suitable waste disposal

containers and seal securely. Label the containers and remove

from the area as soon as possible. Flush contaminated area with plenty of water.
